If sold before the end of the 2-year period, the payment for the portion not forgiven is due upon sale, transfer of property or cash-out refinance. (For example, if the property is transferred at the end of year 1, 50% of the loan amount must be repaid to the program.)

In order to qualify for the <u>forgivable loan</u> your income must fall at or below column A based on household size:

Items generally not covered will be: remodeling or additions that are purely aesthetic, landscaping, and appliances. Repairs in process by those other than the homeowner are not eligible.

B. Priorities.

- **i.** First priority will be given to work that will correct code violations, health and safety and accessibility.
- **ii.** Second priority will be targeted towards energy efficiency to save energy and lower utility costs.
- **iii.** A priority list of work items will be developed in the assessment process. Lower priority work items may be removed to remain within budget.
- C. Repairs exceeding budget. The Rehabilitation Specialist, upon assessment, may determine repairs such as major structural issues exceeding budget may not be approved.

IV. CONTRACTORS

- **A.** Licensing All contractors hired for Broomfield projects will be licensed with the City and County of Broomfield.
- **B. Process** Project bids will be sent to pre-approved contractors. In most cases, the lowest bidder will be accepted for the project.
- **C.** Communication The work contract is between the homeowner and the contractor. Therefore, clear and regular communication is encouraged to promote a good working relationship and timely project completion.
- **D. Payments** The homeowner and the Rehabilitation Specialist's signatures will be required to approve any and all contractor payments.
- **E.** Warranty There is a warranty of a maximum of one year on workmanship from the date of the final inspection. Materials are covered by applicable manufacturers' warranties.

V. FEDERAL REQUIREMENTS

- **A. Environmental Requirements** All properties utilizing CDBG funding are subject to an Environmental Review, tracking information such as historic preservation, flood hazards, ambient noise levels, and proximity of explosive hazards and airport clear zones, which may warrant additional remediation, or disqualify a project.
- **B.** Lead-Based Paint Any property built prior to 1978 will be required to meet HUD's Lead-Based Paint Title IV Regulations. Depending on the type of rehabilitation work to be done, this may include inspections, paint testing, and abatement. These requirements may also increase the cost of the loan.

Process

The following is a guide to the rehabilitation/repair program. Please note that processes may vary, depending on the project.

- Step 1: You will obtain an application online or in person. Fill it out and obtain copies of all requested information and submit to Cheryl St. Clair at the City and County of Broomfield, Community Development/Housing Department, 1 DesCombes Drive, Broomfield, CO 80020.
- **Step 2:** You will be contacted by staff of the City and County of Broomfield if additional information is needed.
- **Step 3:** You will be notified regarding the approval of your application by mail.
- Step 4: You will be contacted by the Rehabilitation Specialist, Wayne Hughes. An initial inspection will be set up at your home to discuss the work you would like completed and to talk with you about other repairs necessary (to meet the building code). The federally required lead based paint (LBP) testing may be initiated and information collected for other federally required information (environmental and historic property).
- Step 5: The Rehabilitation Specialist will put together a detailed work write-up, outlining the work to be done and included estimated costs. You will have an opportunity to approve the write-up or request changes as necessary. The project will only go forward if and when the write-up meets your and the Rehabilitation Specialist's approval.
- Step 6: After the write-up has been approved by all parties, the Rehabilitation Specialist will contact licensed, pre-approved contractors to bid the project. He will allow contractors approximately 2 weeks to put together their bids. In most cases, the Rehabilitation Specialist will try to schedule a group inspection with all contractors prior to selecting bids. If a group tour cannot be scheduled, or there is specialized work needed to be performed by sub-contractors, you should anticipate calls from contractors, requesting a time to look at your home.
- Step 7: The Rehabilitation Specialist will review all bids with you and you both will determine which contractor should be used. Usually, but not always, the contractor with the lowest bid will be selected. If the homeowner chooses a contractor, other than the low bidder, the homeowner will be responsible to pay for the difference between bids.

- **Step 8:** Once a contractor is chosen, you will sign a contract with the contractor and the work will be scheduled. At the same time, you will sign the loan documents with the City and County of Broomfield.
- **Step 9:** Contractors will be paid after each phase of the work has been completed and inspected. You will sign off on all payment requests.
- **Step 10:** There is a warranty of a maximum of one year on workmanship from the date of the final inspection. Materials are covered by applicable manufactures' warranties.
- **Step 11:** After the work has been completed, the final loan documents will be processed and recorded.
- **Step 12:** For loan payoff information, including subordination requests, please contact Cheryl St. Clair with the Broomfield Housing Department.
- **Step 13:** At the end of your loan period or sale/transfer/refinance of property, your loan will be closed, either through payoff or full payment forgiveness.
