How this Travel or Training Benefitted the Citizens of Broomfield: While at this conference I was introduced by Council Member McCloskey to many of the County Commissioners and CCI personnel that Broomfield interacts with on a regular basis. Continuing and strengthening relationships throughout Colorado is always in Broomfield's best interest.

While there I attended the issue session Health Care Reform Implementation which discussed timelines for implementing the various parts of the Affordable Care Act. I also attended the issue session Amendment 64 and the Future of Marijuana Regulation in Colorado. As you may guess, this one was well attended. Since the State needs to act to put a regulatory scheme in place, there were many opinions and more questions were raised than answered. Many counties are moving forward with developing a plan for retail outlets, but it appeared that most were still trying to figure out which direction to go.

I also attended the Front Range District meeting, the over 50,000 caucus and a briefing on the NACo Legislative Conference.

I am available to answer any questions regarding the conference.
